Diplômes

- **Medical diploma, University of Pavia 1996**
- **Thèse de doctorat, University of Pavia 1996 Prof. R. Dionigi**
Trattamento dell'ernia inguinale per tecnica laparoscopica TEP: tecnica e risultati dello studio prospettivo.
- **Spécialiste FMH en chirurgie orthopédique et traumatologique 2004**
- **Traitement interventionnel de la douleur (SSIPM) 2012-2017**
- **Recertification titre FMH en chirurgie orthopédique et traumatologique 2013**
- **Diplome de pédagogie médicale 2015**
- **Certificat TREE 2015**
- **Octroi de la venia legendi et du titre de Privat-docent 11-2016**
- **Octroi du titre de sous spécialité en chirurgie spinale 06-2021**
- **Octroi du titre de Professeur titulaire Clinique Université Fribourg 11-2021**
- **Accréditation en tant que centre de formation pour la sous spécialité en chirurgie spinale 12-2021**

Formation et position actuelle

Assistant

1996-1997 Orthopédie, Rosenberg Klinik Heiden (Dr E. Fornaro, Prof. B.G. Weber)
1997-1998 Médecine, Spital Surses Savognin (Dr C. Beeler)
1998-1999 Chirurgie, Hôpital Estavayer-le-Lac (Dr C. Meyer)
1999-2000 Orthopédie, Hôpital cantonal Fribourg (Prof. R.P. Jakob)
2000-2002 Orthopédie, Inselspital Bern (Prof. R. Ganz)
2002-2003 Orthopédie, Inselspital Bern - chirurgie du rachis à 20% (PD Dr P. Heini)

Chef de clinique

2002-2006 Orthopédie, Hôpital cantonal de Fribourg – chirurgie du rachis

Médecin-adjoint

2006 Orthopédie, HFR Fribourg – hôpital cantonal
2007 HFR – responsable de la chirurgie du rachis

Médecin-chef adjoint

2012 Orthopédie, HFR Fribourg – hôpital cantonal

Médecin-chef

2018 Orthopédie, HFR Fribourg – hôpital cantonal

Fellowship

2007-2010 Instructor fellowship Kuwait (6 months - Dr Abdulrazzaq)

Fonctions

- AO membre «Spine expert task force motion group» de 2006 à 2009
- Vice-président du comité de direction de Swissendos Fribourg 2003-2006
- Responsable et coordinateur des cours orthopédiques du centre de formation Swissendos Fribourg depuis 2003
- Président du comité de direction du centre de formation Swissendos Fribourg de 2006 -2008
- Responsable de la chirurgie spinale HFR Fribourg – hôpital cantonal depuis 2007
- Responsable médical du groupe scientifique Spineart 2008-2011
- Responsable de la chirurgie spinale HFR (réseau hospitalier fribourgeois) depuis 2010
- European Spine Journal reviewer
- Member of SOS revision international prosthesis group

Membre de sociétés professionnelles

- Member SGOT
- Member SGS (Suisse Spine Society)
- AO Platinum Member
- Member SAS (Spine Arthroplasty Society)
- Member European Spine Society
- Member of GIS (Italian Spine Society)
- Sociedad Venezolana de Neurochirurgia
- Sociedad Colombiana de Cirurgia Ortopedica y Traumatologia
- Sociedad Interamericana de Cirurgia de Columna Minimamente Invasiva SICCM

Tuteur travail de master et thèse

- **Medical tutor master diploma, Ecole polytechnique fédérale de Lausanne 2005**
Barreiro P, Maestretti G, Arzdorf M, Gnem D: A biomechanical study of the effect of lordose angulation in a intervertebral disc prosthesis (Responsable: Prof. J. Botsis, Dr A. Mellal)
- **Directeur these, Université de Lausanne, Faculté de biologie et de médecine 2013**

Lutz Jon Andri: Infection tardive après stabilisation dynamique de la colonne lombaire par le système Dynesis

Prix

- **Prize of best podium presentation, Kuwait City 2008**
Maestretti G: Interspinousus implant: biomechanics and indications
- **Premio GIS 2013 Patrizio Parisini**
Ciarpaglini R, Maestretti G: Artroplastica lombare: Risultati di uno studio prospettico on follow up a 10 anni
- **Second prize oral presentation, Spine Week 2016 Singapore**
Noriega D, et al..Maestretti G: A prospective multicentric observational study on the use of intervertebral implants for traumatic vertebral compression fracture treatment. 12 months follow-up results

Etudes internationales

- Prodisc-C: 2004-2005 Multicenters international clinical investigation
- International DIAM study: Herniectomy versus herniectomy with a spinal stabilization system for the treatment of complex disc disease. Medtronic, Randomized Study. Accepted by ethic comity n°11-2006
- International BEST study: Biomaterial effectiveness in spinal trauma: Post market clinical follow-up study of balloon kyphoplasty with KyphOs TM FS calcium phosphate bone substitute for traumatic vertebral body fractures, Kyphon, Prospective study. Accepted by ethic comity n°04-2006
- Sako study : International, multicentric , prospective, randomized study to compare two technique Spinejack versus Balloon Kyphoplastie for the treatment of osteoporotic fractures, ethic comity CED: FR-CEL:VD 198/2015

Participation aux registres suisses

- Etude SGS sur les prothèses discales
- Etude SGS sur les cyphoplasties
- Etude SGS sur les inter-épineux
- Etude SGS sur les implants dynamiques
- Spine Tango depuis 2012

Recherche et développements

- Member of executive board developing next generation cervical Synthes prosthesis Prodisc Nova
- Developer and medical leader of Synthes Oracle Disc
- Developer of Synthes new nucleus prosthesis
- Developer of open Inspace Instruments

- Medical leader with M. Mayer of Synthes Stenofix
- Developer of Mosaik Cage Spineart
- Co-developer of Yoda Spineart
- Co-developer of Prodisc Vivo Synthes
- Co-developer of Romeo PAD Spineart
- Member of scientific group Vexim since 2011
- Co-founder of Eco-spine (3D-Titan product developing) since 2015
- Medical support of HISTIDE recording therapeutics since 2015
- Board member HISTIDE since 2017

Enseignement

- **Organisateur des examens oraux FMH pour obtention du titre spécialiste en chirurgie orthopédique et traumatologique depuis 2004-2015**
- **Enseignant et examinateur des clinical skill Etude en médecine humaine 3eme année, Faculté de biologie, Université de Fribourg depuis 2010**
- **Enseignant et évaluateur MMed I, II, III depuis 2019.**
- **Formation interne personnel HFR Fribourg - Hôpital cantonal**
Colloque de formation sur la chirurgie de la colonne pour les assistants, instrumentistes et infirmières depuis 2003
- **Faculté - fédération suisse des ostéopathes**
Cours de préparation aux examens intercantonaux, Fribourg 2006-2011

Organisation de congrès

- Congrès annuel Fribourgeois des instrumentistes et techniciens en salle d'opération de 2002 - 2006
- International Prodisc C congress. Fribourg 10.03.2006
